PROFILE

Operations and digital systems specialist with 5+ years of remote experience supporting BNI Alberta South across 18 chapters. I work across CRM administration, member lifecycle workflows, data reconciliation, automation, reporting, events, and executive support. I also design live website concepts for hospitality, healthcare, and wellness.

PROFESSIONAL EXPERIENCE

BNI Alberta South | Executive Administrative Assistant / Digital Operations Support | Remote, Calgary, Canada | Nov 2021-Present

- Supported visitor, member, and renewal workflows across 18 chapters, maintaining CRM records, follow-up processes, forms, and operational handoffs.
- Supported the Keap to GoHighLevel transition and member-facing CRM workflows using Zapier and Alchemer where appropriate.
- Reconciled contact exports across Keap and HubSpot, checking matched records, source-only records, duplicates, and missing keys before producing a unified working list.
- Coordinated meetings, registrations, Zoom and Eventbrite logistics, member inquiries, permissions, technical issues, and team documentation.
- Supported recurring reporting and QuickBooks reconciliation workflows for regional leaders.

SELECTED SYSTEMS WORK

Member lifecycle and CRM: Organized pipeline stages, follow-up tasks, forms, automation, and team handoffs for visitor, member, and renewal activity.

Regional OS: Built role-based workspaces for regional staff, chapter leaders, and members, with weekly report readiness, follow-up actions, and finance exception review. Explore the fictional public walkthrough.
